# 3D PROGRAM

whole new play experience

## DIVERSITY

We offer 134 unique 3D play units ranging from half spheres, to snails, to space shuttles. Each product is not only aesthetically pleasing but also mechanically strong, offering both play, seating and meeting opportunities.

## SAFETY

Each 3D play unit is covered with very durable rubber surface. All products are **EN1176** certified, comply with **ASTM F1487** and meet hygienic standards of **EN71** and **REACH 494/2011**.

## DESIGN

All 3D play units have been carefully designed to appeal to children, encouraging them to move, interact, imagine and have fun.

## QUALITY

Each 3D play unit is handmade in Czech Republic. We use high quality rubber granules and **UV stable aliphatic polyurethane binder**.

>**3000**

**3D play units**

More than 3000 3D play units produced since 2012.

>**1000**

**satisfied customers**

More than 1000 projects including 3D play units finished worldwide.

**1.**

**the first one**

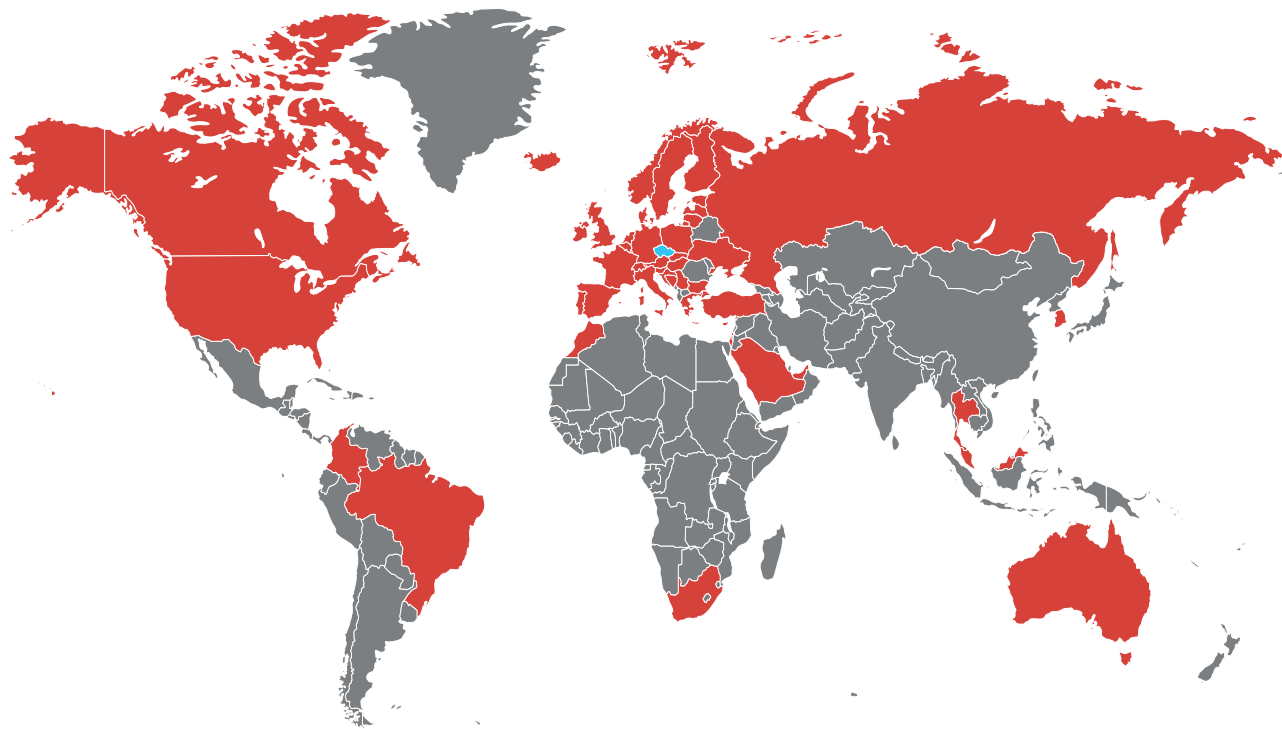

In 2012 we came up with the idea of 3D EPDM play units and produced the first product - the ladybird.

**51**

**countries**

Our products are exported to 51 countries worldwide.

In 2012 we gave the world 3D EPDM play units. We perfected the process of shaping EPDM to bring safe and colorful play to playgrounds all around the world. **Our products are trademarked and registered with EU Intellectual Property Office.**

# CLASSIC

There are 43 CLASSIC play units. The 3D animals enhance the look and feel of a facility and also create a greater sense of adventure to feed children's imagination and make play even more fun.

Children will love to fly to the clouds on the back of the Bee or fight off evil astride the Spider. They can balance on the legs of the Octopus or have a rest on the belly of the Sleeping Farmer.

The size of the animals creates a three dimensional environment where they can be played on top of, at the side of or all around. They can be conquered or used to hide behind.

# 2D EPDM GRAPHICS

The 2D EPDM Graphics are the end of boring rubber surfaces. There are over 200 EPDM Graphics to choose from and we also offer custom on-demand shapes.

All 2D EPDM Graphics are produced with high quality EPDM and UV stable aliphatic polyurethane binder. Our products meet hygienic standards of **EN71** and are free of Polycyclic aromatic hydrocarbons as per **REACH 494/2011**.
